PROJECT ARCHITECT - LITTLE ROCK STUDIO

WER Architects is seeking forward-thinking, energetic Architects to lead architecture project teams in Little Rock. Ideal applicants will exhibit a commitment to excellence in architectural design, have a positive approach, and be a great collaborator. They must have experience in all phases of design and construction, be able to work with clients, engineers, consultants, and contractors. Applicants should have a minimum 6 years of experience.

Required Qualifications

- 6 years minimum experience
- Architecture Registration
- Design and Technical detailing experience
- Revit modeling and drafting
- Project coordination experience
- Excellent oral, written, and graphic communication skills
- Interest in sustainable design and the craft of construction and contextual design
- Motivated and able to work self-directed, while leading a team in an open design studio environment

Preferred Qualifications

- LEED Accreditation
- WELL Accredited Professional
